

# Rimfire Rifles

# CZ 457

The CZ 457 family is distinguished by its highly sophisticated modular design:

- **More accurate**
- **More safety** by lateral safety with firing pin indicator
- **Extremely durable anti-corrosion finish** on metal parts
- **Quicker reloading** because of a 60° bolt lift instead of 90°
- **Lighter striker** for increased speed and reduced vibration during firing

threaded barrel  
1/2" x 20 UNF

## CZ 457 Royal

The long stock for the CZ 457 Royal is made of premium walnut, with a decorative tip. The beautiful grain is accentuated by an oil finish. 20" barrel with 1/2" x 20 UNF muzzle thread, removable magazine, adjustable trigger, cheek piece, without sights.

21250 Cal. .22lr € 849,-  
21251 Cal. .17HMR € 849,-

## CZ 457 Lux

In the classic design of a European hunting rifle. Varnished stock with cheek piece made of high-quality Turkish walnut. 24" barrel, removable magazine, adjustable trigger, cheek piece, sights.

21255 Cal. .22lr € 691,-  
21256 Cal. .17HMR € 691,-

## CZ 457 Varmint

With varnished American stock and heavy 525 mm long barrel - ideal for precise sport shooting as well as for hunting at medium and long distances. 11 mm milled groove for rifle scope mounting on the top of the receiver. 20" barrel, removable magazine, adjustable trigger, without sights.

21260 Cal. .22lr € 610,-  
21259 Cal. .17HMR € 610,-

threaded barrel  
1/2" x 20 UNF

## CZ 457 Stainless

Comes with an attractive digital camouflage on a proven polymer stock with a soft-touch surface and a thin-walled stainless steel barrel with high resistance to adverse weather conditions. 20" barrel with muzzle thread, adjustable trigger, without sights.

21226 Cal. .22lr € 621,-

### CZ 457 Synthetic Threaded

Built for the harshest of weather conditions, the 457 Synthetic combines an extremely durable nitride finish with a hardy black polymer stock. Polymer stock with soft-touch-finish, without cheek piece. Adjustable trigger. Muzzle thread 1/2 x 20 UNF.

21246	Cal. .22lr, BL 16"	€ 490,-
21247	Cal. .22lr, BL 20"	€ 490,-
21249	Cal. .17HMR, BL 20"	€ 525,-

**Test 10/2020**

Delivers plenty of shooting performance.

threaded barrel  
1/2" x 20 UNF

### CZ 457 AT-One

This specially designed rifle is equipped with a varmint barrel with MATCH chamber and a massive laminated wood stock from the well-known American brand Boyds. 20" barrel with muzzle thread, removable magazine, adjustable trigger, without sights.

21227	Cal. .22lr	€ 880,-
-------	------------	---------

threaded barrel  
1/2" x 20 UNF

### CZ 457 Thumbhole Threaded

With artful design and perfect ergonomics, the 457 Thumbhole has a sturdy laminate stock in a classy grey/brown colour scheme. With symmetrical features, it is equally comfortable for both right-handed and left-handed shooters. The stable nature of the laminate stock and varmint barrel allow shooters to engage medium and long-range targets. With cheek piece. Compensator. Adjustable trigger. Muzzle thread 1/2 x 20 UNF.

21244	Cal. .22lr, BL 16"	€ 787,-
21245	Cal. .22lr, BL 20"	€ 787,-
21243	Cal. .17HMR, BL 20"	€ 787,-

**Test 10/2020**

Could convince in full.

**Test 7/2021**

Smart stock design. Good shooting performance.

threaded barrel  
1/2" x 20 UNF

### CZ 457 MTR

A highly precise model with a special stock made from premium walnut. The thick-walled, cold hammer forged match-grade barrel in .22 LR calibre features a match style chamber. Thanks to this and all other improvements of the new CZ 457 series, this model guarantees just 15 mm groups at a distance of 50 m.

21248	Cal. .22lr	€ 787,-
-------	------------	---------

Available on surcharge in .17 HMR

threaded barrel  
1/2" x 20 UNF

### CZ 457 LR Precision Threaded

The LRP's target-style stock bears a soft-touch finish and has a prominent pistol grip, extended forend and textured grip surfaces. For those desiring to add a rear monopod, a rail is also present at the toe. Stock adjustable in height and length. Fluted 20" varmint barrel. Compensator.

21240	Cal. .22lr	€ 1.090,-
-------	------------	-----------

**Test 10/2020**

Could convince in full.

## Mini Set

The mini-set contains a barrel, a magazine well insert, a polymer magazine for five rounds and wrenches necessary for barrel replacement. The barrel muzzle is fitted with a unified 1/2"x20 UNF thread with a plug.

# NOT JUST A GUN! CO<sub>2</sub>

## REAL EXPERIENCE.

MADE IN GERMANY

### COLT Government 1911 A1

CO<sub>2</sub> powered pistol, 8 - shot loading clip, rifled barrel, adjustable sight. Double-action. Nylon grips.

Barrel: 5"; Overall length 220 mm, Weight 1,080g. V<sub>0</sub> = 120 m/s; Cal. 4.5 mm (.177) BB

blue 23370.000 € 199,90

### COLT Special Combat Classic

Heavy all-metal version of the Colt classic. The slide, in a stainless steel look, rests on a frame with a Weaver rail. The removable magazine holds both the BBs and the 12 g CO<sub>2</sub> cylinder. Double-action, safety catch.

### COLT M45 CQB

Licensed replica of the latest M1911 Close Quarter Battle Pistol for the US Marines. Heavy all-metal construction with realistic blowback effect. Commander Hammer, Memory Beaver Tail and ambidextrous safety. Frame with Picatinny rail according to Mil-Spec 1913. Single Action.

### COLT Defender

Compact, handy, especially easy to use: When the magazine catch is pressed the single-part grip plate pops out, revealing the 12 g CO<sub>2</sub> capsule and built-in stick magazine.

Double-Action Only. Finish: full metal.

### COLT Single Action Army .45

World-famous Colt Peacemaker®. Full metal, authentic loading with metal cartridges.

### COLT Python

Authentic replica of the famous .357 Magnum revolver: 10-shot BB magazine and pellet magazine included. Rear sight adjustable for windage and elevation. Synthetic grips, blued. Double Action and Single Action.

### RUGER 10/22

The .22lr Ruger 10/22 has been a top seller: well-balanced, robust and precision-built. The .177-caliber CO<sub>2</sub> version (2 x 12 g) not only has the looks of the famous original, it resembles it with features like the 10-round rotary magazine and excellent handling characteristics.

# WALTHER CO<sub>2</sub>

## WALTHER CP99

Fast-action system for quick loading, plus technical features found in the original pistol like a decocking lever, ambidextrous magazine release and interchangeable backstrap.

## WALTHER NightHawk

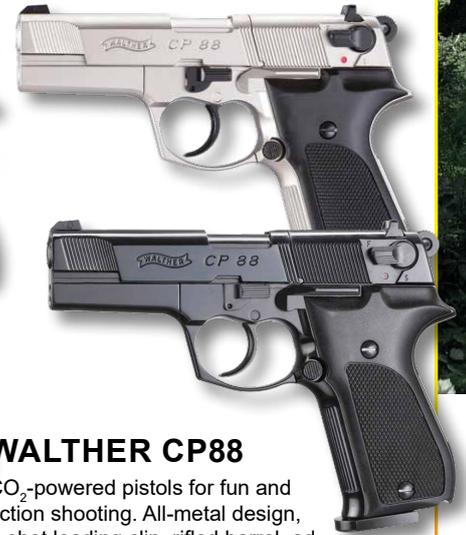

with NightHawk mount and compensator.

magazine CO<sub>2</sub> for CP99 **23366**  
**€ 44,95**

## WALTHER CP88 COMPETITION

The interchangeable barrel system permits easy conversion and provides extra precision and performance in both double action and single action mode. The 8-shot cylinder can be quickly changed by opening the gun with the slide stop lever.

## WALTHER CP88

CO<sub>2</sub>-powered pistols for fun and action shooting. All-metal design, 8-shot loading clip, rifled barrel, adjustable rear sight, single and double-action, nylon grips. V<sub>1</sub> = 120 m/s

cylinder magazine à 3

### CO<sub>2</sub> Cartridges:

à 10 pcs. **23470 € 11,50**  
 à 500 pcs. **23471 € 299,90**

## WALTHER P38

True-to-scale replica of the well-known military pistol as used by the German Wehrmacht during the World War II. The Walther P38 is a 20-shot BB pistol with blow-back action. Full metal version with removable barrel. Powered by 12 g CO<sub>2</sub> cylinder. Single Action.

## WALTHER CP99 Compact

Walther CP99 with CO<sub>2</sub> action for training, precision and action shooting. Blowback system. Polymer grips. Single Action.

## WALTHER PPQ M2

Unlike many other models, the PPQ M2 feeds the 4.5 mm pellets from its magazine by means of a chain. Heavy metal slide. Single / Double Action.

**New**

## WALTHER PPQ

The Walther PPQ is powered by one 12 g CO<sub>2</sub> cylinder, that hides in the grip of the pistol. Original PPQ design with ergonomic grip, 8-shot rotary magazine, DAO Trigger.

## WALTHER PPK/S

With metal slide and new piercing mechanism for the CO<sub>2</sub> cartridge – it's invisible when the gun is seen in profile. The heavy slide generates a noticeable blowback effect.

# KK500

## KK500 Blacktec with black BLACKTEC stock

A genuine match rifle at the price of an entry-level gun. Due to the many individual adjustment possibilities and the option to use the system and the stock as right- and left-handed shooter, there are no unfulfilled wishes. With its light weight, the KK500 BLACKTEC is equally suitable for all age groups.

## KK500 Anatomic with ANATOMIC laminated stock

Thanks to its special technical features, unequalled shooting precision, new trigger and new ergonomic stock, the rifle is designed primarily for shooters competing at the national and international level. The use of high-grade materials and precise workmanship down to the smallest detail ensure you will have a competition rifle of the highest quality for many years to come.

Choice of mechanical or electronic trigger. Incl. Centra sight riser, INSIGHT-OUT rear sight, Centra front sight tunnel and gun case.

## KK500 Expert with EXPERT aluminium stock

Developed in collaboration with Henri Junghanel. Individual adjustments to the KK500 aluminium stock. The continuously adjustable fore-end, the three different grip sizes each with two different grip geometries, the slimline ALL-IN-ONE cheek piece with interchangeable rounded or edged contact surface, the butt stock offsettable using a parallelogram joint, and the newly designed and sturdy EXPERT hook butt plate – all of these ensure a perfect firing position for consistent accuracy.

Choice of mechanical or electronic trigger. Incl. Centra sight riser, INSIGHT-OUT rear sight, Centra front sight tunnel and gun case.

## KK500 Ultra Light with S grip laminated wood „Red Devil“

The KK500 „Ultra Light“ is certainly a real eye-catcher. For shooters who prefer a short and light rifle. Incl. SPY Centra dioptr. WING chest rest in accordance with new rules.

## LG400 monotec / Expert / Competition

The new monotec stock combines the versatile adjustment possibilities of the KK500 stock with a unique suspension. The action is not mounted in the usual fashion on the receiver but instead right on the barrel. The advantage is that vibrations from firing are prevented from being transmitted to the barrel, where they can adversely affect shooting performance.

LG400 monotec Expert: with EXPERT stock.

LG400 monotec Competition: with COMPETITION stock.

# LP500

## BETTER. TARGETING WALTHER LP500

UNCOMPROMISING. ENGINEERED.

The development of the LP500 had exactly one goal: to hit the target better. The best air pistol does not simply shoot more intuitively, more ergonomically, more precisely. It is the basis for the perfect symbiosis of weapon and shooter.

- **Interchangeable trigger**, electronic or mechanical, easy to switch
- **MASTER trigger blade**, adjustable in four ways
- **CARBON cylinder** made of aluminium-carbon composite
- **SADDLE breech design** for convenient loading
- **5D grip** with variable volume
- **INLINE weights**, internal and sliding
- **8-duct compensator cone**
- **Rear sight and front sight** pivotable
- **Ball bearing match trigger**

**SSP-E**

**SSP-M Green Pepper**

## SSP

State-of-the-art technology.

SSP has started a new era in competitive target shooting. WALTHER's competitive target pistol sets standards with respect to reliability and technology. The WALTHER SSP obtains maximum precision at the highest possible technical level, utilizing all anatomic possibilities.

Extremely light construction (970 g basic weight). Low-lying bore axis. Rear sight positioned over the wrist. Maximum permissible barrel length (153 mm, 6"). Cocking status indicator and safety. Compact design. Pneumatic damping system.

## GSP Expert

Sporting pistols with proven technology.

The world's most popular sporting pistol. Reliable performance thanks to improved barrel geometry and a vibration-absorbing plastic sleeve. Sights are positioned closer to the wrist, which reduces aiming errors. The grip is optimally adapted to the shooter's hand. Nitro-carbonized breech reduces friction of breech movement even in rapid firing.

Quick caliber change .22 l.r. / .32 S&W "Two calibers, one gun". The GSP Expert trigger can be adjusted as needed from 1,000 to 1,360 g. Moveable barrel weights compensate for recoil. The GSP is renowned for its reliability with many kinds of ammunition.

# .22LR

## 1911 A1 .22 l.r.

The pistols of the 1911 .22lr platform licensed and tested by COLT are authentic COLT Government models.

An outstanding feature is the slide – it is CNC machined from high-quality aluminium, thus less loaded ammunition can be utilized without issue.

### Features of all Colt 1911:

CNC machined high-grade aluminium slide. 1911-style field stripping. · Rubber grip. SA trigger. Authentic half-cock mechanism. Accepts aftermarket accessories. Serrations at the rear end of the slide. Original style safety lever. Straight MS housing. Extended magazine release.

### Additional features of the A1:

Low mount combat-style sights with 3-dot system (rail only). Grip safety.

## P22Q .22 l.r.

### The “small” defensive pistol.

Interchangeable backstraps ensure an optimum hand position. Modern polymer frame - compact design and low weight. Single and double action. All functional elements are ambidextrous. Loading status indicator, magazine safety, hammer safety and drop safety for maximum accident protection. Adjustable rear sight and interchangeable 3-dot front sights. Barrel can be easily switched between standard and target version.

## PPQ M2 .22 l.r.

### Ideal for low-cost training.

Polymer frame with anodized aluminium slide. Easy-grip grooves at the front and rear of the slide. Picatinny rail in front of the trigger (MIL-STD 1913). Integrated loading indicator. Elongated slide stop lever on both sides. Magazine release button at the side of the frame, switchable from left to right. Two independent safeties: automatic striker safety and mechanical drop safety, integrated in the trigger blade

## 1911 GOLD CUP .22 l.r.

### Additional features:

Skeleton trigger. Extended Beavertail grip safety. Target rear and front sight. Open work hammer.

## 1911 RAIL GUN .22 l.r.

### Additional features:

Skeleton trigger. Extended Beavertail grip safety. Open work hammer. Low mount combat-style sights with 3-dot system (rail only). MIL standard rail.

## PPQ M2 Tactical 4,6" .22 l.r.

Special version with 4.6" silencer barrel and 1/2" x 28 TPI thread.

## PPK

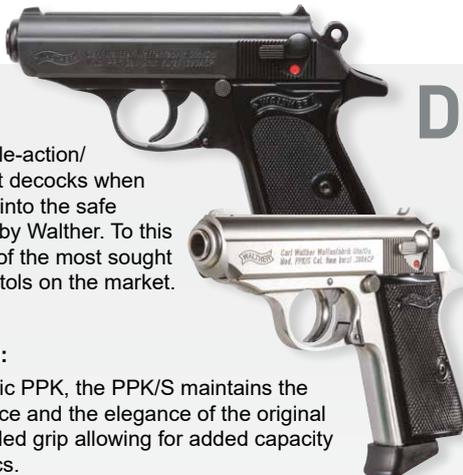

### A true legend:

The PPK features a single-action/double-action trigger that decocks when rotating the safety down into the safe position, first introduced by Walther. To this day, the PPK is still one of the most sought after concealed carry pistols on the market.

## PPK/S

### Powerful service pistol:

An evolution of the classic PPK, the PPK/S maintains the timeless features, essence and the elegance of the original with an additional extended grip allowing for added capacity and improved ergonomics.

# DEFENSE

## PK380

Low profile three dot polymer combat sights. Weaver accessory rail. Tenifer™ coated slide and barrel - resists corrosion. Take down lever. Double/single action trigger. Loaded chamber viewport. Paddle-style ambidextrous magazine release lever. Rear slide serrations. Manual safety: Blocks firing pin for safe handling. Ergonomic WALTHER grip with comfortable shape. Small size ideal for small hands. 8-round magazine.

### Performance Duty Pistol:

The advantages of the powerful service pistol PDP at a glance:

- **Performance Duty Trigger**  
The PDT trigger breaks at the pressure point at 25 N. Short reset: allows consistent top performance.
- **Ergonomics and intuitive targeting**  
Top pointability - excellent aiming performance. SuperTerrain Serrations, raised grip grooves. Performance Duty Texture: outstanding grip in all conditions.
- **Optics Ready**  
All models are optics ready.
- **100% Modularity**  
Picatinny rail, interchangeable magazine holder, two grip lengths, three barrel lengths.
- **Reliability**  
Stepped cartridge chamber for significantly better lidded action: less fouling, longer cleaning intervals. Gets performance out of the ammunition.

Includes 2x magazines, 3x backstraps and a high-quality pistol case with PDP design.

## PPQ Classic

**Original WALTHER quality, perfect ergonomics and Quick Defense trigger system:**

The WALTHER PPQ meets all the demands placed on a modern police pistol.

Newly developed QUICK DEFENSE trigger system. The PPQ Classic sports a truly ambidextrous magazine release. HI-GRIP™ surface finish in the grip area. Ambidextrous functional elements. Interchangeable backstraps in three sizes. Steel sights with phosphorescent markings (3-dot). Picatinny rail. Cal. 9 mm, 15-round magazine (optional 17-round magazine)

## PPS M2 Police Set

### Handy compact pistol:

The frame and slide have the current Q line. Magazine release button at the left of the frame. The M2 trigger blade and the embedded trigger safety now have a more comfortable shape, which especially facilitates rapid firing. A 3-dot steel sight with phosphorescent markings comes as standard. With three different magazines: for 6, 7 and 8 rounds.

### PPQ Q4 Steel Frame

#### High-class performance.

The Duty Optimized Beavertail provides the shooter increased grip height on the pistol. Optimised for duty retention holsters, providing clearance for retention hoods most used in Law Enforcement. This beavertail design also enhances comfortability during concealed carry. The Q4 Steel Frame is precision machined to create a superb balance in hand. The weight distribution of the steel frame drastically reduces recoil to improve shooter performance, ultimately contributing to overall efficiency. The Q4 Steel Frame features Performance Duty Texture, developed by Walther to provide a premium, yet functional grip.

Two variants are available. The duty version with PS sights and an Optic Ready model with all black serrated target sights. The scope of delivery includes a magazine loader, two 15-round magazines and the attractive Q5 case.

**DWJ** Test 11/2020  
DAS MAGAZIN. Outstanding trigger. Fast firing series, good target groups.

### PPQ Q4 TAC

Design and features are equal to Q4 but is equipped with 4.6" (117 mm) threaded barrel 1/2"x28 for silencer.

### PPQ Q4

The Q4 shares the best in class PPQ Quick Defense trigger, which provides a smooth 25 N trigger pull and a short 2.5 mm reset. The optics ready slide comes with LPA fiber optic front sight and a rear LPA competition iron sight. The Q4 shares the same mounting plate system (not included) as the Q5 Match. Comes with one 15-round, and two 17-round magazines.

### PPQ Q4 TAC Combo

The Combo version is based on the PPQ M2 Q4 TAC with threaded barrel but is equipped with a SHIELD RMSc red dot sight. The sight sits directly on the slide without an adapter plate, giving it an extremely low profile. The Tungsten Gray frame enhances the overall appearance. The standard steel sight can also serve as a backup.

Other equipment: 3-dot steel sight; one 15-round magazine, two 17-round magazines. Q5 Match pistol case.

### PPQ M2 4" / 5"

The release button can be changed over to the right side, the slide stop lever is already ambidextrous. Low profile 3-dot steel sights. MIL-STD-1913 Picatinny rail. Tenifer™ coated slide and barrel. Serrated trigger guard. Quick defense trigger. Ambidextrous magazine release button. Ergonomic WALTHER grip. Ambidextrous slide stop. Front and rear slide serrations. Interchangeable backstrap.

PPQ

### PPQ Q5 Match Steel Frame

Build around our award winning Q-platform, the Q5 Match Steel Frame with a solid milled steel frame features an LPA red fiber optic sight, LPA adjustable rear sight and an optics ready slide that comes with an optics ready mounting plate in addition to the LPA competition sights. All Walther blue quick defense trigger, and trigger bar with blue AFC coating. It comes with three 15-round magazines.

### PPQ Q5 Match SF Black Ribbon

Same design as the Q5 Match Steel Frame Champion, but completely in black and with aluminium grip panels. Further features: Optimised sear engagement. Dynamic Performance Trigger. Three 18-round magazines.

### PPQ Q5 Match SF Expert

The Q5 Match Steel Frame Expert draws its extra edge from its enhanced trigger. Optimally adjusted sear engagement, 20 N pull, adjustable take-up and trigger stop. Aluminium trigger shoe in size M-Flat, another trigger shoe in M-Curved and three 17-round magazines are included.

### PPQ Q5 Match SF Black Diamond

Same design as the Q5 Match Steel Frame Champion, but in black and with aluminium grip panels. Further features: Optimised sear engagement. Dynamic Performance Trigger. Two 17-round magazines.

### PPQ Q5 Match SF Champion

Same design as the Q5 Match Steel Frame, but with adjustable sear engagement for "crisp" trigger break. Walther low-profile mag well. Three 17-round magazines with aluminium mag extension.

### PPQ Q5 Match SF Black Tie

Same design as the Q5 Match Steel Frame Champion, but with satin finish and aluminium grip panels. Further features: Optimised sear engagement. Dynamic Performance Trigger. Two 17-round magazines.

## Service Pistols

### CZ P-10 C

A "striker fired" service pistol, excelling in reliability, durability and refined shooting, greatly supported by the unique checkering and superb DiFEND grip. Capacity increasable from 15 to 17 shots. 3 interchangeable backstraps. Iron sights.

**24035** Cal. 9mm Luger € 621,-

### CZ P-10 C OR

with a milled slide cut into which a prefabricated mounting plate (see page 77) can be screwed in order to mount a red dot device. The slide cut can be covered with a supplied blanking plate.

**24036** Cal. 9mm Luger € 745,-

## Micro Pistol

### CZ P-10 M

Micro pistol - ideal back-up or defensive arm for everyday carry. 3 1/3" barrel (85.3 mm). Highly resistant finish, resistant polymer frame, double-sided slide stop, rotatable magazine catch. Stiff metal sight with three luminescent dots. SFDA trigger, trigger stop. Interchangeable rear straps, mounted slide serrations in front and rear. Capacity: 7 rounds.

**24037** Cal. 9mm Luger € 560,-

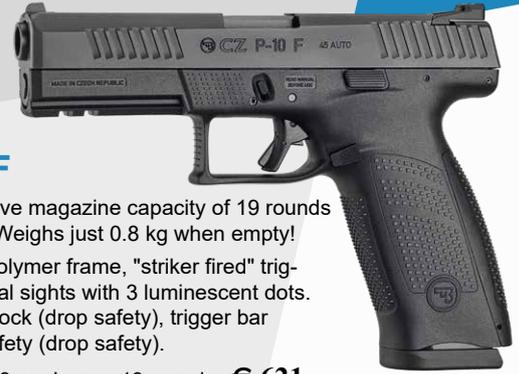

**New**

### CZ P-10 F

With an impressive magazine capacity of 19 rounds in 9x19 calibre. Weighs just 0.8 kg when empty!

Highly durable polymer frame, "striker fired" trigger (SFDA), metal sights with 3 luminescent dots. Safety: Striker block (drop safety), trigger bar safety, trigger safety (drop safety).

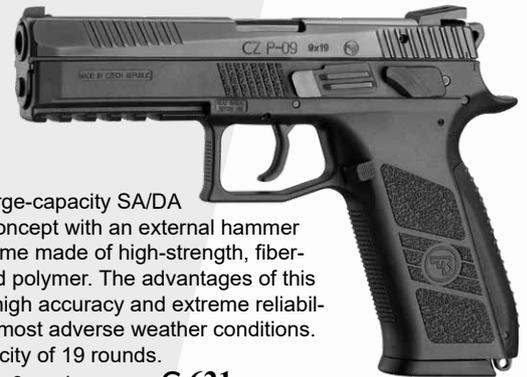

**24034** Cal. 9mm Luger 19 rounds € 621,-  
**24033** Cal. .45 Auto 13 rounds € 685,-

### CZ P-09

A traditional, large-capacity SA/DA service pistol concept with an external hammer and modern frame made of high-strength, fiber-glass-reinforced polymer. The advantages of this model include high accuracy and extreme reliability, even in the most adverse weather conditions. Magazine capacity of 19 rounds.

**24040** Cal. 9mm Luger € 621,-  
**24044** CZ P-07 Kadet Black, cal. .22lr € 648,-

## Compact Pistol

### CZ P-07

Polymer compact pistol, designed primarily as a service weapon and for concealed carry. Innovative features. Durable surface finish. Well-proven Omega trigger mechanism.

**24000** Cal. 9mm Luger € 621,-

# CZ Full Size Pistols

## CZ SHADOW 2

Represents the next generation of today's legendary CZ 75 SP-01 Shadow. It was developed in collaboration with the elite CZUB IPSC shooters to significantly contribute to speed and accuracy during competitions. The modernisation of all the principal parts of the weapon, i.e. slide and the frame, together with the extended barrel, enables repeating single shots more rapidly and more dynamically. More comfortable higher grip, new checkering

- 24050.000** Black Poly Cal. 9mm Luger € 1.380,-
- 24050.500** Urban Grey Cal. 9mm Luger € 1.410,-

## CZ SHADOW 2 OR

with a milled slide cut into which a prefabricated mounting plate can be screwed in order to mount a red dot device. The slide cut can be covered with a supplied blanking plate.

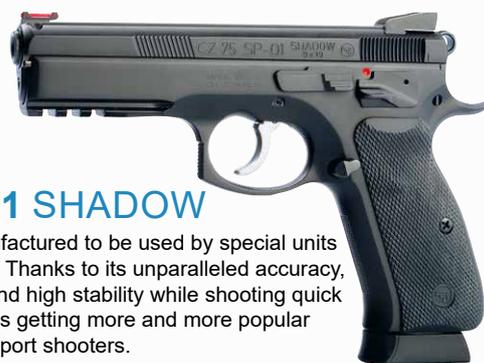

- 24051** Cal. 9mm Luger € 1.700,-

## CZ SHADOW 2 ORANGE

with a milled slide cut into which a prefabricated mounting plate can be screwed in order to mount a red dot device. The slide cut can be covered with a supplied blanking plate.

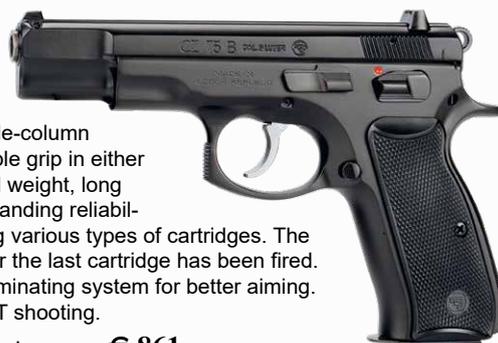

- 24050.300** Cal. 9mm Luger € 2.595,-

## CZ 75 SP-01 SHADOW

Designed and manufactured to be used by special units of the armed forces. Thanks to its unparalleled accuracy, unfailing reliability and high stability while shooting quick shots this handgun is getting more and more popular even among IPSC sport shooters.

- 24062** Cal. 9mm Luger € 1.142,-

## CZ 75 B

Large capacity double-column magazine, comfortable grip in either hand, low trigger pull weight, long service life and outstanding reliability - even when using various types of cartridges. The slide stays open after the last cartridge has been fired. Sights with 3-dot illuminating system for better aiming. Suitable for COMBAT shooting.

- 24046** Cal. 9mm Luger € 861,-

## CZ SHADOW 2 SA

Single-Action variant with a blue anodized aluminium alloy target-style trigger and a combat-style hammer. Trigger with pull weight factory set at 13 to 15N. Significantly shorter trigger pull and reset. Finish: Black Poly.

- 24050.800** Cal. 9mm Luger € 1.472,-

24323.145	5", .45Auto	€ 2.950,-
24328.145	6", .45Auto	€ 3.190,-

**VISIÉR** Test 1/2021  
Very good trigger characteristics.

## Baer 1911 S.R.P. "Swift Response Pistol"

An uncompromising single stack performer based on the original Baer S.R.P.® but built on Baer's 1911 steel NM frame. Features include:

Baer steel NM slide with front and rear serrations. Slide fitted to frame. Baer 5" match barrel with Baer tactical sights. Baer stainless bushing. Baer dovetail ramp type front sight. Lowered and flared ejection port. Baer checkered slide stop. Baer extended ejector. Baer tactical style ambi safety. Baer match trigger. Baer checkered flat mainspring housing. Fitted and tuned extractor. Baer beavertail safety with pad. Baer deluxe Commander hammer and sear. Baer De Luxe grips. 8-round magazine. Tuned for total reliability.

24329.145 5", .45Auto € 4.400,-

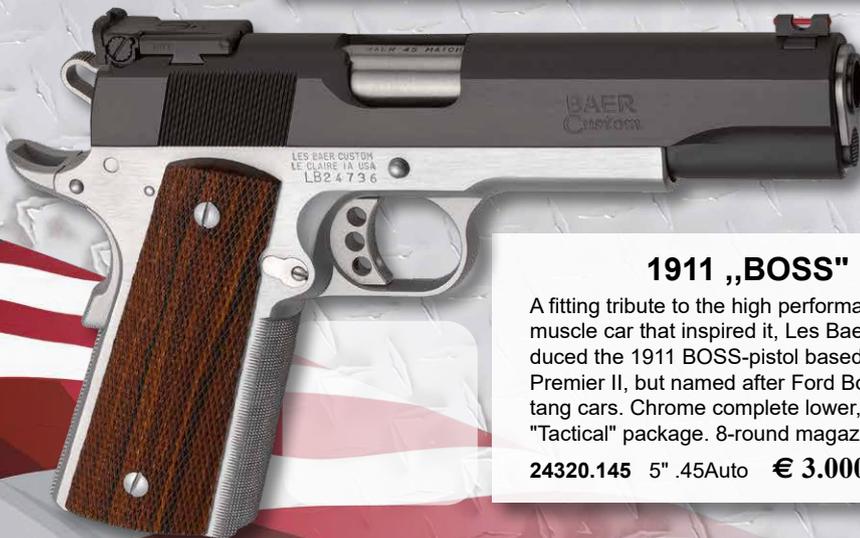

## 1911 „HEMI 572"

Another pistol with which Les Baer expresses his passion for automobile racing. The classic lines and incomparable performance of the Chrysler Hemi Cuda, a muscle car of the 70s, is reflected in the pistol of the same name.

Baer 5" match barrel, match bushing, Baer slide with front and rear serrations, Baer 1911 frame. Complete hard chrome finish, black Dupont S coating on slide stop, ambi safety, mag catch, hammer, trigger and various small parts. Adjustable match sight and fibre optic front sight with green insert, black VZ recon grips. Comes with two 8 round magazines.

24319.245 5" .45Auto € 3.600,-

## 1911 „BOSS"

A fitting tribute to the high performance 1970s muscle car that inspired it, Les Baer has introduced the 1911 BOSS-pistol based on the popular Premier II, but named after Ford Boss 429 Mustang cars. Chrome complete lower, blued slide, "Tactical" package. 8-round magazine.

24320.145 5" .45Auto € 3.000,-

**American Pistol  
9mm Luger**

### AMERICAN PISTOL™

The Ruger American Pistol is designed with the latest US military standards in mind, built to perform in hardest conditions. Numerous military trainers, firearm experts, dealers and shooters provided input and feedback in determination of form, function and features of this firearm. New striker system for positive ignition without heavier trigger-pull. Modular wrap around grip design with interchangeable grip modules. Ambidextrous magazine release and slide stop.

**American Pistol  
Compact**

### AMERICAN PISTOL™ Compact

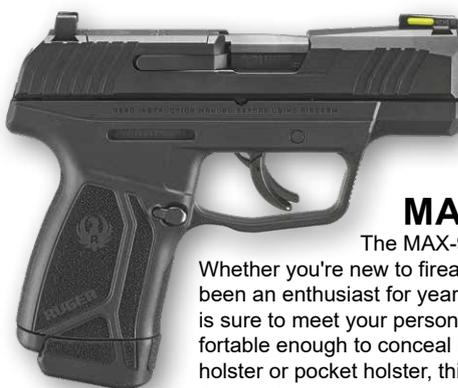

The compact pistol: Polymer grip, pre-tensioned striker system. Stainless Steel slide with black nitride finish. Novak® LoMount Carry three-dot sights. Ambidextrous slide-stop and magazine release. Integrated trigger safety. Includes 10- or 17-shots magazine.

**Security-9**

### SECURITY-9®

Ideal for everyday carry and self-defence, the Security-9® is an affordable, rugged, mid-sized centerfire pistol. Compact for easy concealment. With blued, through-hardened alloy steel slide and barrel and high-performance, glass-filled nylon grip frame. Precision machined, hard coated aluminium chassis with full-length guide rails. With the Secure Action used in the LCP® II. Drift adjustable 3-dot sight. Safety features include bladed trigger safety; manual safety. Also includes: two alloy steel magazines.

**Max-9**

### MAX-9®

The MAX-9™ is your next handgun. Whether you're new to firearms ownership, or you've been an enthusiast for years, the versatile MAX-9™ is sure to meet your personal protection needs. Comfortable enough to conceal in an inside the waistband holster or pocket holster, this micro-sized pistol has it all - without compromising on capacity or features. Rugged, reliable, affordable - the Ruger® MAX-9™. Includes a 12-shots and a 10-shots magazine.

**New Model Single-Ten  
5,5" .22lr**

### New Model Single Six®

Strong, durable, dependable and versatile. New Model Single-Six® revolvers are the perfect small bore single-action revolver for plinking, small game hunting or serious competition.

All .22 caliber models come with two cylinders (one in .22lr and one in .22 Magnum) for increased versatility. Hunter models are equipped with an integral barrel rib for rigid mounting of Ruger scope rings (supplied at no extra charge).

**Single-Ten with 10-shot cylinder**

### New Vaquero®

Since its introduction the Ruger "New Vaquero" has dominated the cowboy action shooting world. Patented Ruger reverse indexing pawl allows easier loading and unloading while the beveled cylinder simplifies holstering. "Bisley" revolvers improve on the target-style grip, adjustable rear sight, target hammer and target trigger.

### SP101® (small frame) / GP100® (medium frame)

The "SP101" and "GP100" revolvers are small and medium frame guns that boast the strength to handle powerful .357 Mag loads. The "SP101" series with a compact and lightweight small frame are ideal guns for hunting and self-protection. The "GP100" series comes with a medium frame and is used in shooting competitions worldwide. Solid steel frame with no side plates combined with the triple loading system boast all the reliability, durability and dependability you expect of a Ruger revolver.

**LCR .38Spec**

### LCR® / KLCR-357

This is a compact .38 Special revolver built by Ruger and announced in January 2009. The LCR acronym stands for "Lightweight Compact Revolver". It incorporates several novel features such as a polymer grip and trigger housing, monolithic receiver and constant force trigger. At 13,5 ounces (338 g), the LCR is nearly 50% lighter than the stainless steel SP-101. The compact and lightweight LCR is now also available in .357Mag.

## RETAY X PRO Black / Titan

An distinctive design, optimal handling and the high-quality workmanship make the X PRO a real professional among alarm guns. The 14-shot magazine gives the X PRO in caliber 9 mm P.A.K. the necessary power and also serves as a grip extension, which guarantees a perfect grip thanks to X Touch technology. The beavertail guides the hand directly into the ideal position. After unlocking the hammer block safety, the X PRO strikes off directly per Single / Double Action, even without manually cocking. Available in black or with slide and barrel jacket in matt titanium grey, the X PRO cuts an excellent figure technically and visually.

### Features:

- Unmistakable design
- Exposed barrel jacket
- Magazine with grip extension
- Polymer frame with X Touch technology
- Single / Double Action
- Hammer block safety

**New**

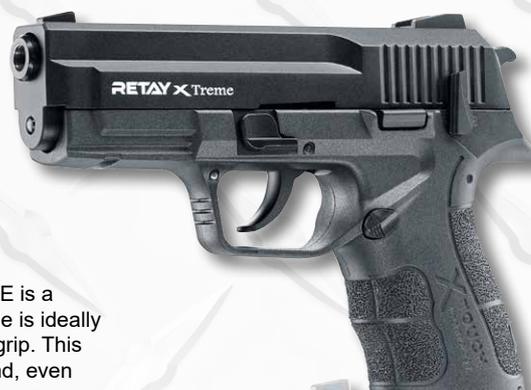

## RETAY X TREME Black / Nickel

Powerful, well balanced and durable - the X TREME is a good combination for an alarm gun. The heavy slide is ideally complemented by the light but strongly structured grip. This way the X TREME lies secure and firmly in the hand, even with fast shooting sequences. The magazine shoe serves as an extension of the polymer grip and holds 14 shots in caliber 9 mm P.A.K. The external hammer is quickly decocked with the thumb, after which the trigger controls with single / double action the shot release. X TREME good looking, both in black and in the nickel version.

### Features:

- X Treme well tuned
- Magazine with grip extension
- Polymer frame with X Touch technology
- Single / Double Action
- Hammer block safety

RÖHM manufactures a versatile product range of gas and blank guns with great care and decades of experience. The reliable and robust models are equipped with safety systems to protect the user. RG weapons have already been characterized several times in leading professional journals as being of high quality and reliable.

For this reason, RG blank guns have become a fixed part of classical New Year's Eve shooting. At sporting events, the weapons demonstrate their qualities as start pistols. Self-defense especially plays an important role in the purchase of a blank gun. RÖHM blank guns are the ideal alternative for many people who feel threatened in a wide variety of life situations, but who don't want to carry a firearm.

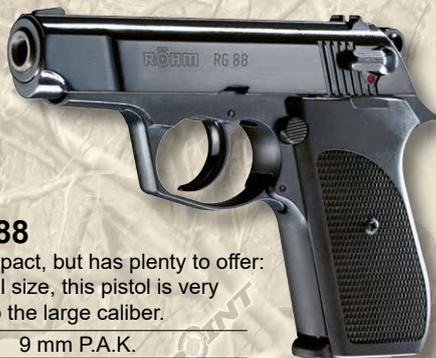

## RÖHM RG 3

Reliable classic pistol with a striking design.

<b>Caliber:</b>	6 mm Flobert
