

3M™ PELTOR™ EEP-100 EU

The EEP-100 Electronic Earplug helps protect your hearing, and can help improve situational awareness and communications in challenging environments. The ear-pieces are rechargeable via a micro-USB jack on the charging case. The small and lightweight design helps improve the overall comfort and user experience. Intuitive one-button operation. **Rechargeable.** Weight of 1 earplug: 4g.

EEP-100 EU OR (orange): Content: Box with charger, 1 set of earplugs (green), USB charging cable. Additionally included in delivery: windscreens (against background noise when raining), TEP cord (protection against loss) and 5 different eartips.

37070.701 EEP-100 EU orange € 266,80

EEP-100 EU: Content: Box with charger, 1 set of earplugs (green), USB charging cable, assortment of 4 sets of ear-tips

3M™ PELTOR™ LEP-200 EU OR

Integrated with state-of-the-art level-dependent technology, the LEP-200 helps provide hearing protection in noise and situational awareness in quiet environments. The acoustic characteristics have been **optimised for hunting** (less sensitive to noise, e.g. rain or wind). 4 levels of amplification adjustment. Earplugs and box are optimally protected against moisture. The ear pieces also include a small antenna to allow audio signals from radio units to be received wireless from a neck loop accessory (Stock N° 37070.600 - not included). **Rechargeable:** Charging contacts recharge the unit while in the case. Weight of 1 earplug: 4g.

Content: box containing charger, 1 set of earplugs, assortment of 5 sets of eartips, lanyard, windscreens, 3x AA batteries

3M™ Peltor™ Optime™ II

The Optime II is a hearing protector for high levels of noise. Very comfortable, even when worn for long periods. Narrow, collapsible headband. SNR = 31 dB

37079 € 37,60

Hygiene Kit 37079.001 € 12,-

3M™ Peltor™ Optime™ III

The Optime III is a high-performance hearing protector developed for use in extremely loud environments or situations when the user's concentration must not be disturbed by noise. The wide, softly padded headband provides optimum comfort.

37078 € 35,40

Hygiene Kit 37078.500 € 13,50

very comfortable

3M™ Peltor™ Ear Defenders X4

Large, bulky cups are a thing of the past. The new generation of 3M Peltor X4 Ear Defenders boasts a slim, high-quality design and optimum attenuation of up to 33 dB.

37068.000 € 44,25

Hygiene Kit 37068.500 € 12,20

3M™ E-A-R™ Switch Protection

3M™ E-A-R™ Switch Protection can simply be switched from „Normal Protection“ to „Awareness Mode“ by pressing a rocker switch. With patented ISL* acoustic filter - can be used against peak impulse noise up to 160 dB peak. The 3M™ E-A-R™ Switch Protection Ear-plugs are ideally suited where the required level of attenuation ranges between 15 dB and 28 dB SNR for continuous noise level. Specially designed soft retainer helps ensure the ear plug remains seated inside the ear canal. It is supplied ready assembled fitted with medium size ear tips but also includes a pair of each of the three different size ear tips (small, medium and large) for better fit. Easy to wash and clean.

37080.100 € 33,50

3M™ Peltor™ Hygiene Kit with gel ear cushions

Maximum possible comfort. Extremely soft, close and filled with silicone gel. Set of 2 gel rings and 2 foam backings. Easy to assemble. Ideal for eyeglass wearers.

37087.500 for SportTac € 64,95
37087.600 for ComTac € 67,85

3M™ E-A-R™ Ultrafit

Ultrafit is ideal whenever practical pre-shaped earplugs are a better option.

37080.001 Pack of 1 pair € 3,70

3M™ E-A-R™ Classic II

These earplugs are made from soft, energy-absorbing polymer foam. They are easy to compress and insert into the ear canal, where they gradually expand again.

37080 Pack of 5 pairs € 2,80

New

ISOtunes Sport Advance

An in-ear tactical hearing protector that provides awareness and active gunshot noise attenuation. It is seriously comfortable and surprisingly lightweight.

- SNR = 33 dB
- SafeMax™ technology limits volume output to 85 dB for all-day, damage-free listening.
- Bluetooth 5.0 connects, and dual-connects, devices up to 30 feet.
- Noise-isolating microphone for clear communication in loud environments.
- aptX™ high-fidelity sound with codec support
- Lightweight design at just 23 g.
- Raised rubber buttons are designed for accessibility while wearing gloves.
- Rechargeable battery provides up to 10 hrs of connection to any device. Charging time: 2-3 h
- Automatic power-off after 2 hours without Bluetooth connection for battery conservation.
- IP67 durability for dust, water, and sweat proof protection.

Included: Trilogy Foam eartips in 4 sizes. One pair of triple flange eartips. Micro-USB charging cable and carrying case.

New

ISOtunes Sport Defy

DEFY is a tactical earmuff that defies every assumption shooters have about painful and restrictive hearing protection. This modern take on a traditional style earmuff features next-generation technology, providing environmental awareness and gunshot noise attenuation.

- Tactical Sound Control™ technology enhances your hearing up to 8x while protecting you from high-impact noises in under 2 milliseconds.
- 25 NRR tested and approved to ANSI s3.19-1974. SNR = 30 dB
- SafeMax™ technology limits volume output to 85 dB for all-day, damage-free listening.
- Bluetooth 4.2 connects, and dual-connects, devices up to 10 m (30 feet).
- Noise-isolating microphone for clear communication in loud environments.
- Lightweight design at just 440 g (15.5 ounces) with a vented headband and memory foam ear cushions.
- Rechargeable battery provides up to 11 hrs of connection to any device. Charging time: 2-3 h AAA battery compatible for up to 22 hrs of connection (not included).
- Automatic power-off after 4 hours for battery conservation.
- IPX4 durability for sweat and water resistance.

Included: Li-ion battery, Micro-USB charging cable, quick start guide and product manual.

37605.000 € 139,99

NEXT GENERATION

Padded with 2 cm thick foam panels, which are covered from fine fleece. Barrel and stock will get fixed separately in a special pocket in side. **Combination lock** - this corresponds to the German law effective of transport regulation for weapons. Backpack straps are retractable. Two large bags (45x11 cm and 21x33 cm) outside.

63500.000 € 79,-

PAINTED TARGETS

PAINTED TARGETS

1 from solid beech wood

The targets are hand-turned from solid beech wood, then sanded and lacquered. The beech wood has an even light colour, only selected solid wood is used.

The wooden shooting targets have a thickness of approx. 2.5 cm and are therefore also very well suited for shooting directly on to the target. Due to the lowered picture bed on the 30, 40 and 50 cm targets, the shooting targets with art prints appear to be hand-painted. On the back each target has a brass-coloured hanger.
